BENALLA STREET ART FESTIVAL

Benalla - See the art in everything

In mid-2014, a small group of Benalla business-minded people conceived the notion of a street art festival, envisioning Benalla as the regional street art capital of Australia in a decade.

This ambitious vision materialised within a mere three months exceeding expectations, following the festival's inaugural event in 2015. The festival, which created over 80+ contemporary murals over five years across Benalla and its rural villages, unfortunately faced cancellation in 2020 due to the impacts of COVID.

In 2023, after extensive community involvement, the Council decided to breathe new life into the festival for a 2024 event. A Committee, comprised of community and business representatives, have overseen the revitalised event.

The Benalla Street Art Festival stands as a symbol of both economic and community development, instilling optimism and pride across generations.

The 2025 Benalla Street Art Festival is poised to be a vibrant celebration of arts and culture, showcasing accessibility, diversity and inclusion.

Benalla Street Art Festival Closing Party

A large crowd of people is gathered in a park-like setting for an outdoor festival. The scene is filled with trees, colorful bunting strung across the area, and various festival stalls and structures. The lighting suggests it is late afternoon or early evening.
